FEATURED DISTRIBUTION SITES

ZONE 1 - Ye Olde Mill

Originally built in 1817, Ye Olde Mill is home to Velvet Ice Cream's corporate offices in Utica. More than 150,000 visitors each year enjoy delicious Velvet Ice Cream and prepared meals in a turn of the century ice cream parlor restaurant while experiencing a piece of history. With 20 acres of picturesque rolling hills, it is the perfect setting for family visits!

ZONE 2 - Malabar Farm State Park

America's most famous farm, the 900 acre country estate of Pulitzer Prize winning author, farmer and conservationist, Louis Bromfield. The Visitor Center is full of interactive displays and houses the gift shop. Visitors walk through the barn and view the animals, ride a farm wagon and tour the home where Hollywood stars Humphrey Bogart and Lauren Bacall were married.

ZONE 3 - Lehman's

Operated since 1955 and located in the heart of Ohio's Amish Country. Lehman's is really like an old-time mercantile (a mall from the 1850s perhaps). There are a number of "stores" within Lehman's, including housewares, home heating, gardening, children's toy & more!
